## Community Events

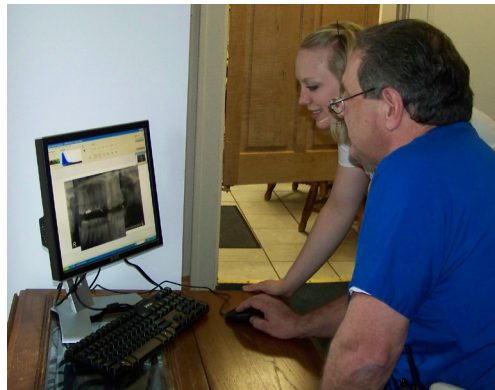

The staff at Advanced Smile Design has been quite active in our area's community events this summer. For those of you who may have missed any of these activities, we shall offer a brief review...

The Fourth of July Parade in Iron River was a blast as we handed out toothbrushes and tee shirts along the parade route. The Saigh's Bassett Hound, Opie even enjoyed the crowd despite the long walk.

We also had a swimmingly good time in Crystal Falls on July 10<sup>th</sup> as we kicked off the weekend with the annual Bass Fest Parade.

The Staff was rounded up once more in Iron River for the 42<sup>nd</sup> Annual Championship Rodeo Parade on August 1<sup>st</sup> and again in Crystal Falls for the Humungous Fungus Parade on August 7<sup>th</sup>.

Because we are also dedicated to maintaining the natural beauty of our area, we have recently adopted a two-mile stretch of East U.S. 2 near the Chicagoan Slough and completed the first garbage pick-up on July 25<sup>th</sup>. It's been another great summer in Iron County (regardless of some less-than-ideal weather!), and we look forward to sharing in the fun with everyone again during next year's festivities!

## what's New?

Advanced Smile Design would like to announce that we are now digital!! We have done a lot of research and have made the switch to digital x-rays! The machine that we chose produces the highest quality x-ray while delivering the lowest radiation possible to the patient. With the digital x-ray machine we can electronically send your films to your insurance company to ensure quick payment and to give our patients the most accurate treatment plan possible. Our office prides ourselves in putting the patient first and strives to deliver the best care to our patients. The Advanced Smile Design team is always looking and researching new technology and products so that we may offer the best care possible right here in the Northwood!

## Meet the Staff

We would like to welcome back **Wendy Koski** to the Advanced Smile Design team! We are excited to have her smile, cheerful attitude and experience rejoin the hygiene department! She will be assisting our Hygienist with her daily patients and tasks. We are happy to have her back in our office!

The oraspher has been implemented into the office to give the patient a better understanding of their treatment plan. What this program does is educate the patient on the various procedures that they will be having done. This way you will know every aspect of your treatment plan from the beginning to the very end. The Advanced Smile Design team believes that the patient should be well aware of what needs to be done and how we intend to accomplish that goal of total oral health.

## Cheesy Potato Soup

4 large baking potatoes  
 2/3 cup flour  
 3-4 tsp. salt to taste  
 4 green onions, chopped and divided  
 1/3 cup Velveeta cheese  
 Potato flakes (optional)  
 2/3 cup butter or margarine  
 6 cups milk  
 1/2 tsp. pepper  
 1 1/2 cups cheddar cheese, divided  
 8 oz. sour cream  
 Bacon

Bake potatoes and cube. Melt butter and add flour to make it smooth; add milk, stirring constantly until it thickens (add potato flakes, if desired, to help thicken). Add baked potato cubes, salt, pepper, and 2 Tblsps. green onions, 1/2 cup bacon and 1 cup cheddar cheese and the Velveeta cheese. Cook until thoroughly heated and add sour cream. Serve with remaining bacon, green onions and cheese on top as a garnish.

Makes one Dutch oven full.

## On the Lighter Side

A husband and wife entered the dentist's office. The husband said, "I want a tooth pulled. I don't want gas or Novocain because I'm in a terrible hurry. Just pull the tooth as quickly as possible." "You're a brave man," said the dentist. "Now show me which tooth it is." The husband turns to his wife and says, "Open your mouth and show the dentist which tooth it is, dear."
